Updating Security Certificate for USFWireless-Auth

You will notice your windows 10 or 11 computer will not automatically connect to USFWireless-Auth as it has in the past. Please follow the instructions below to update your connection.

On your computer, click the wireless network logo from the toolbar in the lower right. The wireless network window will expand, click **USFWireless-Auth** 

	reless-Auth ecting			
Gecure Secure	edia ed			
Network & Change setting	Internet settin 95. such as makin	gs a connectio	on metered.	
i∕a Wi-Fi	자 Airplane mode	ø∣∜ Mobile hotspot		
	~ 0	■ <b>⊕</b> 4×	5:05 AM 4/30/2020	5

You will then be prompted with a certificate window. Click connect to continue connecting.

Your device should now be connected and will auto connect in the future.
